

Procurement & sourcing.

CAPABILITY STATEMENT | COMMERCIAL & INSTITUTIONAL SUPPLY

Easy Supply LLC helps purchasing teams turn defined requirements into sourced options. We coordinate supplier search, quote comparison, custom product requirements and fulfillment planning for individual items and recurring supply needs.

CORE CAPABILITIES

Procurement support: Requirements review, supplier identification and quote comparison.

Product sourcing: Parts, equipment, maintenance items and facility consumables.

Custom & white-label supply: Specification, branding, packaging and production coordination.

Repeat purchasing: Reorder requirements and supplier coordination.

EXAMPLE SOURCING CATEGORIES

Facility consumables: paper products, trash liners and disposable gloves.

Maintenance & equipment: pumps, tanks, fittings, valve boxes and related components.

Custom goods: products and packaging sourced around buyer specifications.

A CLEAR BUYING PROCESS

- 1. Define:** Confirm specifications, quantities, pack sizes and required delivery.
- 2. Compare:** Review pricing, freight, availability, lead time and order terms.
- 3. Coordinate:** Confirm the order, approve any substitutions and plan delivery.

GOVERNMENT & INSTITUTIONAL REQUESTS

For non-resale operational requirements, include your RFQ reference, deadline, delivery location, origin restrictions, required documentation and vendor onboarding requirements. Eligibility, product compliance and fulfillment terms are reviewed for each purchase.

CUSTOMER PRIVACY

Customer names, logos and project details are not published without permission. Please flag confidentiality requirements before sharing sensitive documents.

Send the requirement. We source it.
